Monday	Tuesday	Wednesday	Thursday	Friday
<p>* Math HomeLink 2.8 Remember to bring nickels! *Practice your Fry sight words every day. <u>Return your list to your folder!</u></p> <div style="border: 1px dashed black; padding: 5px; text-align: center;">art</div>	<p>* Math HomeLink 2.9</p> <div style="border: 1px dashed black; padding: 5px; text-align: center;">technology</div>	<p>* Read your Guided Reading book to an adult. Remember to use the strategies we have practiced to determine unknown words. RETURN!</p> <div style="border: 1px dashed black; padding: 5px; text-align: center;">gym</div>	<p>* Math HomeLink 2.10 <u>*Read your library book with an adult.</u> <u>Return tomorrow!</u></p> <div style="border: 1px dashed black; padding: 5px; text-align: center;">music</div>	<p>NO HOMEWORK! ENJOY YOUR WEEKEND!</p> <div style="border: 1px dashed black; padding: 5px; text-align: center;">library</div>

class news:

*This week, we will be assessing the standards that we have covered over the past six weeks. These assessments are common assessments for all first graders in the district. In addition to this, we will wrap up our study of alphabet books by making a class ABC book. We will also work on possessive nouns, be introduced to short u, put together our data notebooks, and begin Guided Reading groups! Beginning this week, your child will be bringing home a plastic bag with a book inside. This will be the book that I have chosen to work with your child on for the week. By the time it comes home, they should be familiar with it. Encourage them to use the strategies I have taught them to determine unknown words. They will be able to identify with the reading strategy beanies listed on the bookmark in the baggie. Periodically, I will add other cards to the baggie to help you read with your child. Eventually, your child will be taking a comprehension quiz over this book as well.

*In math, we will work with money! We will spend all week on this since it is such a challenging concept! Also this week, I will be sending home log-in information for Everyday Math games! These are the ones that we use in class. You can log-in at www.everydaymathonline.com/student_login.html The Moby Max site listed last week is also a great site! Moby Max has lessons based on your child's needs opposed to having only games on Everyday Math. Moby Max log-in is www.mobymax.com/signin

* We will be learning all about how the sun warms the Earth in science this week through various experiments!

*Pizza Hut's Book-It program is a reading incentive program for children! It begins October 1st and runs through March. The classroom goal will be set each month and if your child completes it, they will earn a free personal pan pizza coupon. If your child would like to participate, please log on the sheet coming home Tuesday and return signed at the end of the month! Thanks!

* PLEASE visit our class website at <http://mrslaughlinfirsties.weebly.com> to get a true feel for your child's classroom!
